

Dear Tyler P Gilman, Clerk of United States District Court,

9:16-cv-00161-DLC-JCL

I have noticed that the information packet with court docket sheet and various documents is in need of correction as the names are mainly now in Dog Latin. I submitted this case in english grammar and it needs to maintain its english. Dog Latin is used to govern Trusts not people. If I am in the wrong court please let me know these facts as I am a living man and am suing living men. My case against all is in their private capacity. Defendants names have also been transposed into Dog Latin; However, I submitted all parties in english grammar. Please have all parties listed in english and not DOG LATIN.

All born names must be in english not Dog Latin(Please see Blacks Law 4<sup>th</sup> edition).  
There are different meanings grammatically.

Thank You for your assistance,

Candi-Lee; weeks
